This order represents a non-cancelable, custom built table pad, cut to the specific size and shape of the table indicated in this order. The company makes every effort to be as accurate as possible, but reserves the right to allow for a tolerance of 3/16 of an inch when pad is centered on the table. This tolerance applies to width, length, and shape.

FedEx does not call before they deliver, nor do they specify a time. If you are not regularly home during daytime hours, we do not recommend COD delivery. Orders paid in full will normally be left unless UPS feels it is unsafe. In this case, they **will** leave pickup instructions.

To avoid shipping delays, please write legibly and fill in all appropriate areas.
